### What is a Premises Liability Accident?

A premises liability accident is an accident caused by someone's carelessness or negligence and can lead to serious injuries. Property owners must keep their property safe—or warn others when a hazard exists. If you or a loved one have been the victim of a slip and fall, a dog bite, or another hazardous condition on someone's property, you could be entitled to payment for medical expenses, pain, and suffering, lost wages, physical or mental disability or diminished quality of life.

At the Law Offices of Dianne Sawaya, we believe in personal attention for every single client. Throughout our years of practice, insurance companies have learned that if they fail to offer a fair settlement, our attorneys will not hesitate to take the case to trial. If you or a loved one suffered a premise liability accident with resulting injuries, the Law Offices of Dianne Sawaya can help.
